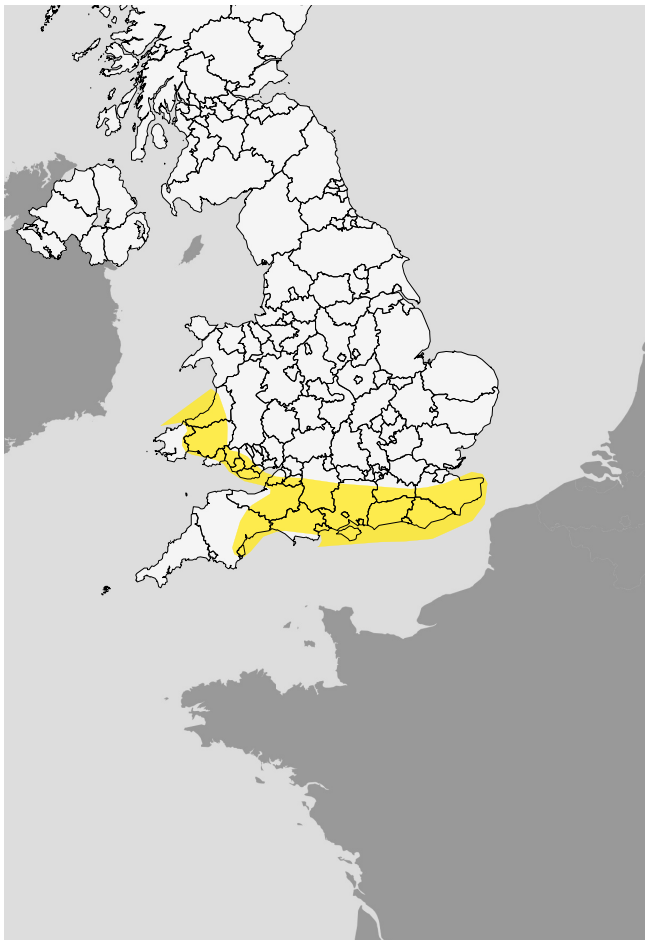
20:00 Wed 12 Apr 2023



Strong winds potentially causing some disruption on Wednesday.

What to expect

- Some delays to road, rail, air and ferry transport are likely
- Probably some bus and train services affected, with some journeys taking longer
- Delays for high-sided vehicles on exposed routes and bridges likely
- Some short term loss of power and other services is possible
- It's likely that some coastal routes, sea fronts and coastal communities will be affected by spray and/or large waves

Further details

West or northwest winds are expected to increase during Wednesday morning, then remain strong for much of the day. Gusts of 40-50 mph are expected widely within the warning area, but some coastal areas may see gusts of up to 60 mph.

Outbreaks of heavy rain or showers will accompany the strong winds.
